

English

English has a dual emphasis on literature and writing, and its goal is to emphasize the importance both of understanding and being understood. Literature encourages us to appreciate complexity in life, and it gives us a glimpse into the thoughts of others; writing, on the other hand, helps us try to unravel the complexities, make sense of things, and share our thoughts and experiences with others. The program will thus prepare students to think deeply and communicate effectively.

Program Faculty

Dr. James Watson
